

## What is Child Sexual Exploitation?

- A form of sexual abuse.
- When children and young people receive “something” (e.g. food, alcohol, drugs, cigarettes, somewhere to stay) for taking part in sexual activity.
- When offenders have power over their victims.
- When perceived consent does not undermine the abusive nature of the act.

## How does this make me feel?

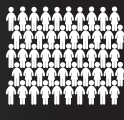

- I’m worried for them?
- None of my business?
- Do their parents know?
- Oh well – we were all young once?
- Wouldn’t let mine or those close to me do this?
- What if that was my child?

## If you feel a young person is in immediate danger call 999

If you have concerns about a young person or a situation you have witnessed **call 101**

Always take notice of behaviour, note descriptions of individuals/clothing/vehicles.

**And remember** CSE relates to anyone aged under 18 years.

Sexual exploitation affects **thousands of children and young people** across the UK every year.

CSE involves perpetrators grooming their victims in a range of ways, such as in **person, via mobiles or online**, to gain their trust before emotionally and sexually abusing them for their own gain.

Despite common perception, this is an issue that affects both **girls AND boys** alike.

Barnardo's is the largest provider of child sexual exploitation **support services** in the UK. We worked with over **5000 children, young people and their family members** in 2015-16.

Victims are often **too scared** to come forward, or might not even recognise that they are being exploited. They need our help.

Most sexual exploitation **takes place in private**, but public places are often used to meet, groom and abuse young people.

Children are most vulnerable to sexual exploitation between the **ages of 13 and 15**, but younger victims are being targeted all the time.

As a business, you may notice **behaviours that give you cause for concern**, it may be nothing but it also may be something. It is important you don't keep any concerns to your self.
