MAKING THE LAW WORK FOR CHILDREN & YOUNG PEOPLE IN SCOTLAND

cl@n childlaw offers **free legal advice and legal representation** to children and young people, who would otherwise have found it very difficult or impossible to access the legal help that they require. We operate in Edinburgh, the Lothians and Glasgow, and help **children & young people up to the age of 18, or 21 if they have had care experience**.

We deliver **interactive learning opportunities** to children & young people and to professionals working with them across Scotland, making the link between law and practice.

We **contribute to policy development** in relation to the realisation of rights for children and young people across Scotland through our evidence based Policy Development Unit. With the insight gained from our direct legal representation of children and young people, we offer a unique perspective, using our legal knowledge, skills and expertise to advance policy and its implementation.
