Adam Bennett – adam@projectchange.scot

CELCIS – Board Member Recruitment

Upcoming in Summer 2021 – Keep an eye on our social media! Or email rosanna.moore@strath.ac.uk

We strongly encourage those with experience of care to apply!

Children and Young Person Engagement Opportunity - Safeguarder Panel Team

We are looking to partner with organisations working with children and young people who have experience in care, with Children's Hearings or in Youth Justice to deliver some engagement sessions around the role of the Safeguarder. These sessions will help us include the views, experiences and ideas of children and young people as we strive to improve our service and shape developments in Safeguarder practice. If you are interested in learning more, please get in touch with Chelsea Stinson, Children's Rights and Resource Worker, Safeguarder Panel Team - chelsea.stinson@children1st.org.uk.

The Catalysts

On Tuesday 25th May young people with care experience are calling on organisations, residential houses and teams to come together with young people with lived experience of care to have a conversation around their breakfast tables. The importance of relationships has been made clear following many conversations with young people with care experience and the idea is that Togetheroo will play a key role in strengthening those connections.

Staf's The Catalysts, a group of young people with lived care experienced have, during lockdown, developed a carefully considered kit in based on their experiences. Those who sign up for the day can choose from 4 themes; Relationships, Culture, Safe Place and Wellbeing Resources, and a pack will be digitally delivered in advance of the day.

Following the kit delivery, a 'tip jar' will be set up on social media using a #hashtag which will form the basis of action points to ensure that real change can take place. It is hoped that Togetheroo will become an annual event and will be adopted by the many organisations who work with young people with care experience.
